Shawn: assumed you have David's comments - we also have some comments from OSWER that Dennis is reconciling - we have a 3pm to discuss David's concern, especially re: rollout - will get you something after that

Thanks Terri - attaching with a few edits and comments.

Also took a look at the rollout strategy. For discussion, but can we deliver the data and make our folks available to discuss the results at the same time? That way we avoid a situation where a resident could read our analysis of the results in the paper before they have a chance to discuss with EPA/ATSDR.
